John 20:19-31

Jesus visited the disciples on the same day Mary Magdalene discovered the empty tomb. Scripture teaches that they were locked inside the house, and that they were fearful of the Jews who might come after them.

The disciples had not yet scattered. Why do you suppose they were living in fear? Why would the Jews want to harm them? Explain.

Acts 4:32-35

These verses teach us what the early Christian community was like. There are accounts of the apostles giving their testimonies on how they encountered Christ, as well as how the individuals of the early Church developed community.

After reading this passage, what do you think is applicable to the Church of the twenty-first century? How could you apply these lessons to your setting?

Psalm 133

This is a psalm of ascent. This means that the Jewish pilgrims recited/sang these psalms on their way to—or on their way up to—Jerusalem to attend their religious holidays and celebrations.

Does this particular psalm sound like the people are either living during a time of peace, or maybe they are counting on the LORD to provide peace?

1 John 1:1-2:2

In this wonderful passage from 1 John we are encouraged to declare what we know about life and light coming from God. This is one of many passages that use the metaphor of light in describing God's love.

How does the metaphor of the light overcoming the darkness describe the work of the LORD in your life? How can you be God's light in the lives of others?
