FOR THE WEEK

Monday, May 18, 2020

John 14:15-21

In v. 15 Jesus teaches the hearer/reader that there is a link between *love* and *truth*. This is especially difficult to understand in an *age of empire*, as well as in our own age. Thus, these are two very different ways to view power.

How can we more clearly understand our reality in the twenty-first century, while viewing that reality through a lens of love *versus* a lens of empire?

Acts 17:22-31

In this passage Paul urges these first century Athenians to recognize God as the true God and to give up their idols that consisted of articles they made from gold, silver, and stone. These were conceived by the imaginations of mortals.

How difficult was it for these people to comprehend what Paul was teaching them? How difficult is it for you to comprehend it today?

Psalm 66:8-20

The psalmist is concerned about our maturity in our relationships with God. Each person is at his/her own place in the journey, with some of us being more mature in the faith, while others are still infants in the faith.

What are you doing in your faith journey to move to a different place as your faith matures? Are you maturing in your faith, or are you slipping backward?

1 Peter 3:13-22

Our writer is concerned with those believers facing persecution. He queries about who would harm those who are eager to do good. He goes on to explain that we are to persevere. Even Jesus—*as our living example*—was persecuted.

What is your commitment to your faith? Are you mature enough in your faith to withstand this world? How can you increase in your faith?
